

```
function Person(firstName, lastName) {
  this.firstName = firstName || "unknown";
  this.lastName = lastName || "unknown";
}

Person.prototype.getFullName = function () {
  return this.firstName + " " + this.lastName;
}

function Student(firstName, lastName, schoolName, grade) {
  Person.call(this, firstName, lastName);

  this.SchoolName = schoolName || "unknown";
  this.Grade = grade || 0;
}

//Student.prototype = Person.prototype;
```

ABOUT ME

Miroslav Furinda

Web developer with creative mindset towards digital challenges and approximately nine years of practical experience. I generally code in PHP / Javascript and their frameworks. I believe my strongest characteristics are reliability, orientation on detail and preference towards stable solutions instead of quick fixes.

Work Experience

March 2015 - Jan 2019

CCT Marketing International Limited, Ireland

Web Developer
